

A large metal auger, likely from a combine harvester, is shown pouring a thick stream of rice grains into a field. The scene is set at sunset, with the sun low on the horizon, creating a warm, golden glow across the sky and the field. The sky is filled with soft, wispy clouds. The rice grains are captured in mid-air, creating a dynamic sense of movement. The overall atmosphere is peaceful yet industrious, highlighting the agricultural theme of the presentation.

10-Year Acreage

2025 Season Recap

- **Wet Start**
 - **Earliest planted rice did well, later planted was slow**
- **Planting window was spread out due to heavy precipitation**
- **Limiting grain fill conditions**
 - **Multiple weeks with hot nights**

2025 Season Recap

- **Harvest was drawn out due to larger planting window, environment was conducive**
- **Grain yields were average**
 - **Reports of normal with some lower averages**
- **Rapid dry-down led to milling issues**
 - **Strong N wind when nearing maturity**
 - **Followed by 100°**

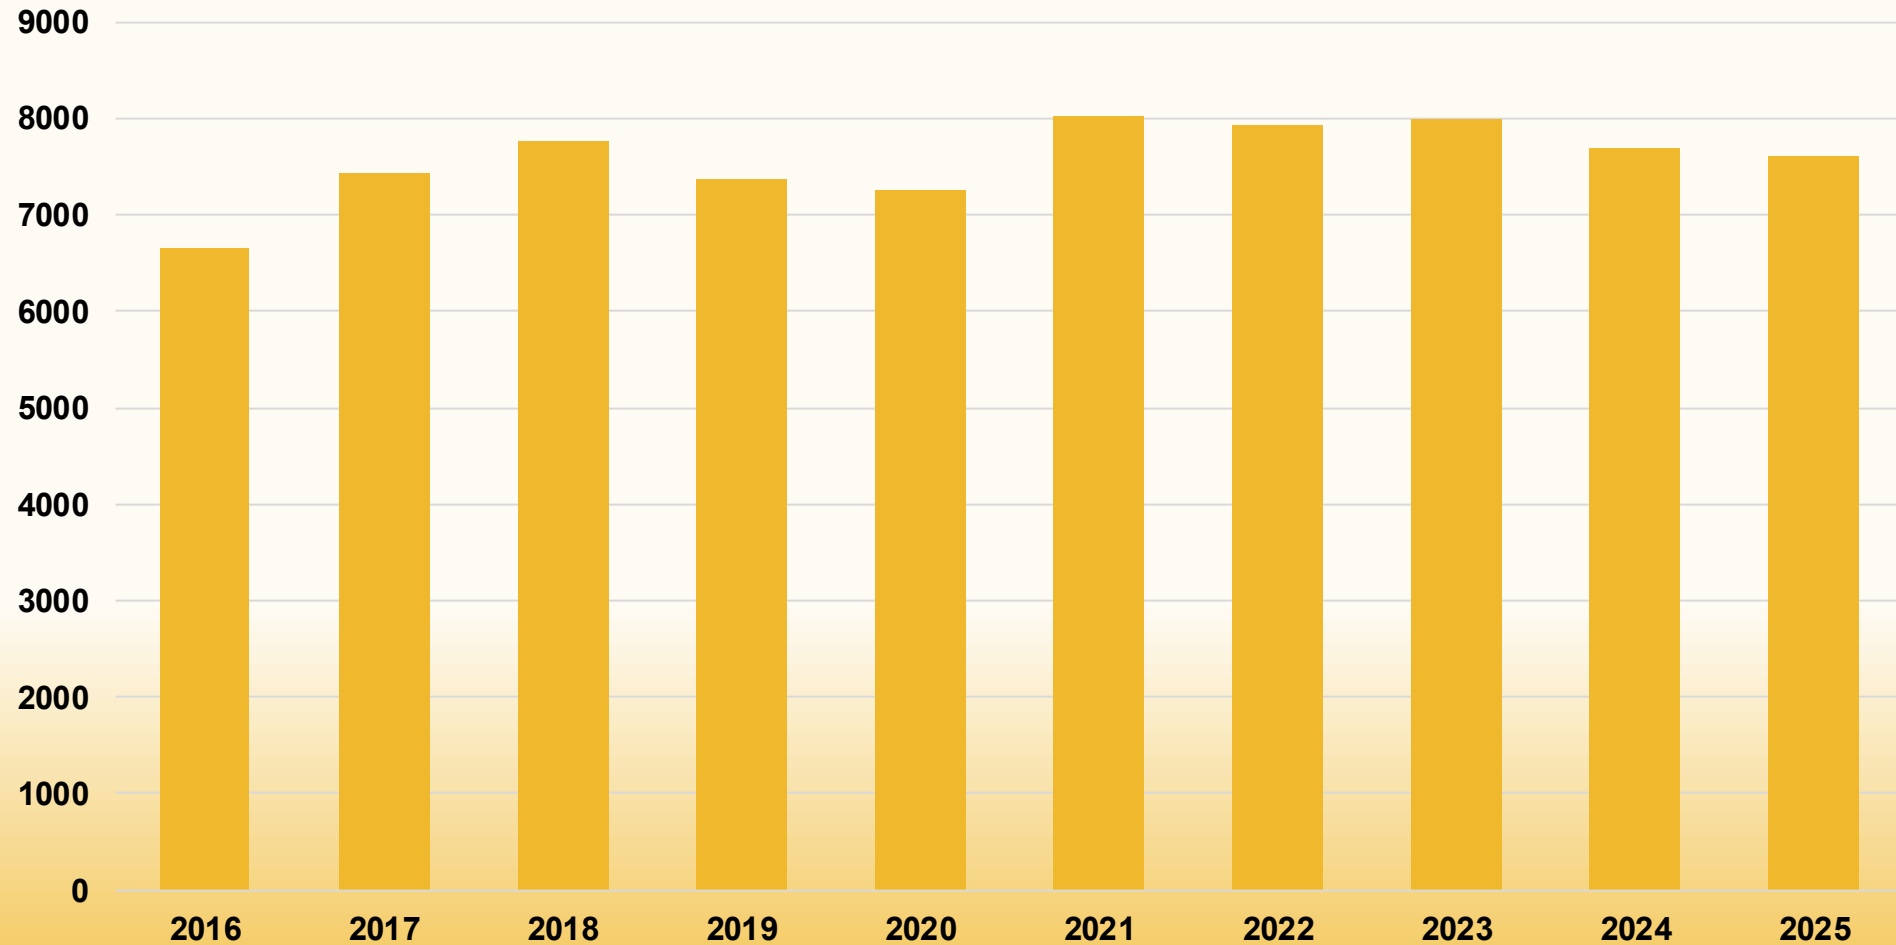

2025 Season Recap

- **Dry conditions were welcomed after harvest**
- **A lot of field work was accomplished in October**

2026 Missouri Rice Outlook

- 190-200k acre prediction
- Seed supply issues?
- Lots of ground ready or close to it
- Watchful eye for delphacid

2024 Rice Research

University of Missouri

Rice Agronomy

RICE

University of Missouri

Mizzou Rice Agronomy

Entomology studies

- Billbug seed treatments
- Simulated defoliation study
- Rice stinkbug

Weed Control

- Flood-irrigated rice
- New technologies (2-5 yrs out)
- Current tech
- Program approaches

Cultivar Studies

- 26 varieties, inbred and hybrids
- Current and expected releases
- 2 furrow-irrigated and 1 flood irrigated location

Nitrogen Management – FIR

- Furrow-irrigated rice
- DG263L
- 5 Nitrogen management programs
- 3 N applications 5 rates

University of Missouri

- **Richard Turner**
 - **Rice Specialist, Assistant Professor**
- **Rice Agronomy**
 - **N management**
 - **Irrigation management**
 - **Seeding rates**
 - **Variety Studies**

University of Missouri

- **Chase Floyd**
 - Crop Protection Specialist, Assistant Professor
- **Entomology**
 - Rice billbug
 - Rice water weevil
 - Rice Delphacid
 - Pathology trials

University of Missouri

- **Alex Mangialardi**
 - **Weed Scientist, Assistant Professor**
- **Weed Science**
 - **Flood/Furrow-irrigated weed management**
 - **Variety tolerance**
 - **Evaluation of new pesticides**
 - **Comprehensive weed control programs**
 - **Resistance screening**

2025 MRRMC Field Day

- Annual field day
- Missouri Rice Research Farm
- Mizzou and Other University speakers
- About 150 attendees

2025 FDRC Ag Expo

- **Started in 2023**
- **Fisher Delta Research Center**
- **About 100 trailer-tour participants**

University of Missouri Continuing Research

- **Planting Date Trials**
- **Cultivar Studies**
- **Furrow-irrigated rice**
 - **Weed, Fertility, Irrigation and Insect management**
